8:45-10:05 **SESSION I**

Président / Chair : Marc Henry (Université de Montréal, CIREQ, CIRANO)

Andrew Chesher, **Adam Rosen** (University College London, CEMMAP)

Instrumental Variable Models of Multiple Discrete Choice

Pierre-André Chiappori, Dennis Kristensen (Columbia University), **Ivana Komunjer** (University of California, San Diego)

Nonparametric Identification and Estimation of Transformation Models

10:05-10:25 **Pause / Break**

10:25-11:45 **SESSION II**

Présidente / Chair : Sílvia Gonçalves (Université de Montréal, CIREQ, CIRANO)

Alfred Galichon (École polytechnique, Paris), **Bernard Salanié** (Columbia University)

Matching with Trade-offs : Revealed Preferences over Competing Characteristics

Pierre-André Chiappori (Columbia University), Olivier Donni (THEMA & Université de Cergy-Pontoise), Ivana Komunjer (University of California, San Diego)

Learning from a Piece of Pie

11:45-13:00 **Lunch**

13:00-14:20 **SESSION III**

Président / Chair : Nikolay Gospodinov (Concordia University, CIREQ)

Alfred Galichon (École polytechnique, Paris), Bernard Salanié (Columbia University)

Entropy in Revealed Preferences

Antonio Merlo, **Aureo de Paula** (University of Pennsylvania)

Identification and Estimation of Preference Distributions when Voters are Ideological

14:20-14:40 **Pause / Break**

14:40-16:00 **SESSION IV**

Président / Chair : Benoit Perron (Université de Montréal, CIREQ, CIRANO)

Marc Henry (Université de Montréal, CIREQ, CIRANO), **Ismaël Mourifié** (Université de Montréal, CIREQ)

Revealed Euclidean Preferences

Kei Kawai, **Yasutora Watanabe** (Northwestern University)

Inferring Strategic Voting

16:00-16:15 **Pause / Break**

16:15-17:35 **SESSION V**

Présidente / Chair : Victoria Zinde-Walsh (McGill University, CIREQ)

Ariel Pakes (Harvard University)

Notes on Alternative Estimators for Partially Identified Models

Toru Kitagawa (University College London, CEMMAP)

Inference and Decision for Set Identified Parameters Based on Posterior Lower and Upper Probabilities

8:45-10:45 **SESSION VI**
Présidente / Chair : Ilze Kalnina (Université de Montréal)

Rosa Matzkin, Javier Perez-Estrada (University of California, Los Angeles)
Heterogeneous Collective Demand

Richard Blundell (University College London, CEMMAP), **Dennis Kristensen** (Columbia University),
Rosa Matzkin (University of California, Los Angeles)
Stochastic Demand and Revealed Preference

Laurens Cherchye (Tilburg University), **Ian Crawford** (Oxford University), Bram de Rock (Université Libre de
Bruxelles), Frédéric Vermeulen (Tilburg University)
Revealed Preferences and Representative Consumers

10:45-11:05 **Pause / Break**

11:05-12:25 **SESSION VII**
Président / Chair : Andrew Chesher (University College London, CEMMAP)

Laurens Cherchye (Tilburg University), Thomas Demuyne (Ghent University), **Bram de Rock** (Université
Libre de Bruxelles)
Revealed Preference Analysis of Noncooperative Household Consumption

Geoffrey Dunbar (Simon Fraser University), Arthur Lewbel (Boston College), **Krishna Pendakur** (Simon
Fraser University)
***Children's Resources in Collective Households : Identification, Estimation and an Application to Child
Poverty in Malawi***

12:25-13:40 **Lunch**

13:40-15:00 **SESSION VIII**
Président / Chair : Russell Davidson (McGill University, CIREQ)

Stefan Hoderlein (Brown University), Joerg Stoye (Cornell University)
Revealed Preferences in a Heterogeneous Population

Stefan Hoderlein (Brown University), Lars Nesheim (University College London, CEMMAP), **Anna Simoni**
(Università Bocconi)
Semiparametric Estimation of Heterogeneous Euler Equation Models

15:00-15:15 **Pause / Break**

15:15-16:35 **SESSION IX**
Président / Chair : William McCausland (Université de Montréal, CIREQ, CIRANO)

Daniel Martin (New York University), Mark Dean (Brown University)
How Rational Are Your Choice Data (Measuring Rationality with Maximal Acyclical Sets)

Joerg Stoye (Cornell University)
Revealed Preference when Agents can Randomize

16:35-16:50 **Pause / Break**

16:50-18:00 **SESSION X**

Richard Blundell (University College London, CEMMAP), **Pierre-André Chiappori** (Columbia University),
Rosa Matzkin (University of California, Los Angeles), **Ariel Pakes** (Harvard University)
Panel Discussion on Partial Identification and Revealed Preferences

18:00 **FIN / END**
